Hi,
OCSPP is responsible for drafting responses or partial responses a group of these QFRs. Where we are drafting partial responses we need to get those to the lead programs to integrate into their overall response. We should do that tomorrow (Wednesday) since all of these are due to OCIR on Thursday. In light of the tight timeframe I am passing these on as they come in on a rolling basis. Here are the first 4 we have in. Ruth please print these in color for the binder and folders in the read file. Thank you!
M

OCSPP team – Heads up on QFRs from the SEPW PFAS hearing on March 28. OCIR made a preliminary cut on lead offices – please let us know right away if any need redirecting. The committee's deadline is extremely short, please work toward a Thurs, Apr 25 deadline for the internal draft responses to OCIR. Thanks, Sven
